THE UNIVERSITY OF SCIENCE AND PHILOSOPHY NEWSLETTER – ISSUE #1

*“God’s Mind  
centers all things,  
all minerals, all  
vegetables, all  
animals, and every  
cell which  
constitutes their  
bodies.” ~Atomic  
Suicide?*

## The Future is NOW.

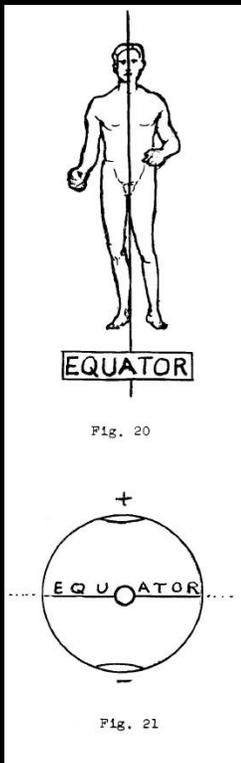

By Matt Presti – Director of Operations

Greetings fellow students, alumni, directors and friends:

This year of 2015 has taken off with a great start for the University of Science and Philosophy (USP). So many exciting things are happening it is hard to know where to begin. Firstly, the transition into the position of Director of Operations could not have gone more smoothly, thanks to President Michael P. Hudak, who is so kind and patient concerning this tremendous learning process that was laid before me. I am very thankful for his mentorship and guidance in learning all the many day in and day out operations which are required to keep the USP functioning steadily. Immediately out of the gate, we brought the USP fully into the “digital age” with upgrades to the operations; and also to work on cutting costs across the board, which we are happy to report is going very well. The next accomplishment was getting our social media footprint established in order to bring more people to the awareness of the Russell’s works, which are slowly multiplying over these last two months. We are excited to have the book “Love” going to the presses soon and it will be available in the next quarter of 2015! The 3<sup>rd</sup> edition of the Home Study Course will also be made available as an E-Book in the near future which may be ordered through our [website](#). We are slowly making gains in our efforts to further the message left to us by the good Dr. and his beloved wife, Lao, respectively through the USP.

We’ve had a hard winter on the mountain but our wonderful shipping manager, Cindy Lewis, faithfully and as always gets the books and orders out to the world. A big thanks goes to you Cindy! ☺

In just the first 2 months of my working for the USP, I can’t but help notice the naturally diverse and incredibly fine student body of “cosmically aware” folks, who together, are working hard the world over, by living this philosophy to the fullest, in order to assist in the building of the voluntary Universal Brotherhood and Sisterhood that will help mankind to reverse the downward trend of civilization. We invite all of you to help in this tremendous effort by sharing our links and sites with your family, friends and others who may be interested in these teachings (see links below). As always, you, the student body of the USP, are the messengers who are helping by way of your own personal character building and awareness of rhythmic balanced interchange with your fellow mankind, to create an enduring civilization for humanity. We thank all of you for your continued efforts! May the day come again, when all humanity shall dynamically know of their oneness, and the long sought “Age of Character” shall dawn upon the world of mankind.

The Wave Series

Natures Bar Magnet

Formation of Stellar  
and Atomic  
Systems

Recently, the USP released a [tribute video](#) to our President, Michael P. Hudak, and it is definitely something to watch. It was filmed at historic Swannanoa Palace on Afton Mountain, in Virginia this past September of 2014. Some long-time Russell students, former staff and volunteers were gracious enough to agree to be interviewed. You will see a side of the USP that puts faces on those whose efforts, in many regards, have gone unnoticed. So many individuals of good, moral and upstanding character revolve around this message and work, and this video reflects this sentiment closely.

In October of 2014, several pieces of artwork by Walter Russell went on display at the [American Visionary Art Museum](#) in Baltimore, Maryland. Michael attended the opening ceremony and gave a short speech concerning these works. The artwork will be on display until August 30<sup>th</sup>, of 2015 if you would like to view it firsthand.

We are excited to have begun a new series on our OFFICIAL [YouTube site](#) called "[INNERVIEWS.](#)" Our first guest was Terrence Howard, whose artwork is also on display at the [American Visionary Art Museum](#). Michael and Terrence have grown to be good friends and it is exciting to see that the work of the Russells' is making its way into so many facets of our world today.

If you wish to stay informed of upcoming announcements, new *free* productions, book reprintings and general information, please follow us on [Facebook](#) and [Twitter](#). As always, the USP is committed to the building of character and the uplift of civilization through the learning materials it offers world-wide. In concert with the founders, Walter and Lao Russell, and the legacy they left to posterity; the USP continues its mission to spread the many teachings concerning the Message of the Divine Iliad to the generations of unfolding mankind in this dawning electric age.

In light, love and service to mankind, I remain faithfully yours,

Matt Presti  
Director of Operations - USP

The USP is proud to be a co-sponsor of the "Building the New World Conference" hosted by [Radford University](http://www.RadfordUniversity.edu) in Radford, Virginia May 28<sup>th</sup> thru May 31<sup>st</sup> 2015.
