Russell Teachings Reincarnated

By Matt Presti – President, USP

Greetings fellow students, alumni, directors and friends:

It is a tremendous honor to announce to the world, the release of the first year of digitally mastered Russell Lectures from the Summer Seminar Series at Swannanoa in 1952. Fourteen lectures—28 hours of audio, with Dr. Russell himself, teaching advanced classes to students concerning the Home Study Course, Natural Science, Living Philosophy and Universal Law. He masterfully lays out so much that it is nearly impossible to encompass in this one newsletter. Suffice it to say, we have made a couple promotional trailers to showcase the release of our newest item—available only as an 8 Gigabyte USB Thumb Drive with these 14 lectures from 1952. In 2018, we will be releasing the 1953 Lecture Series; 2019 the 1954 Lecture Series; and in 2020 the final series of lectures from 1955. All have been mastered to maximum sound quality.

On this USB drive, you will find much greater in-depth explanations of the cosmology of Dr. Russell including many lectures in a question and answer format—everything from the effects of chemical spraying of fruit trees to the eternal Light of Mind in the fulcrum of all motions, which awaits Mankind’s discovery of it. To call these lectures VERY INFORMATIVE would be an understatement. In a very real sense, they are priceless. Lao occasionally makes an appearance throughout as well. Visit the website or click the pictures above and/or below to order your thumb drive today!

The Homecoming Conference of 2017 is only a couple weeks away. We still have plenty of tickets left and a tremendous line up of speakers, including the artist/actor Terrence Howard, former USP Presidents Dr. Tim Binder and Michael P. Hudak, Hannah Van Houcke from Belgium, Ben Palmer from Berlin, Germany and many more. For more information click the picture below or visit the following link: http://www.philosophy.org/news/usp-homecoming-conference-2017

This event will be a once in a lifetime experience. The foremost Russell historians, philosophers and scientists will be gathered together under one roof. Several pieces of the artwork of Dr. Russell will also be on display as well as items available from our store. We hope all students of the Russell teachings will take the opportunity to attend and meet with other like-minded folks from all over the world. "In vain we build the city if we do not first build the man." ~Edwin Markham
It is always a pleasure to serve all of you who have chosen to take the narrow path of the “GREAT WORK”—the unfoldment and building of the Self and character of you, the individual. Each person who so does, adds to the uplift of all humanity worldwide. May the Great Creator continue to bless and keep you all.

In perpetuity,

Matt Presti
President, USP

Happy Autumnal Equinox from all of us at the USP.
